

STANTEC'S POST **COVID-19** PLAN

CONDITION ASSESSMENT

difficult, with building closures and businesses shutdown due to the COVID-19 pandemic. However, we have arrived at the point where we are now looking forward and planning for a safe return to our workplaces and lives. As we approach this return, there are a lot of considerations that must be taken into account, especially for building owners. This includes a review of the condition of their building systems, and more importantly, if these systems are able to provide a safe environment for the return of tenants.

Stantec's building commissioning service group has—in response to necessary COVID-19 related considerations—developed a plan for building owners and operators to help ensure their building is ready for the reopening effort. The following is an outline detailing some
